Location: Mehrauli New Delhi

### AboutMe

I am a motivated and detail-oriented Full Stack Developer with a strong foundation in HTML, CSS, JavaScript, React, and modern web development practices. I have built multiple real-world projects, including clones of popular platforms, which helped me gain hands-on experience in responsive design, API integration, and component-based development. As a fresher, I am eager to apply my skills in a professional environment, learn from experienced developers, and contribute to building efficient and user-friendly web applications.
